## PROFESSIONAL EXPERIENCE

### JUNIOR SOFTWARE DEVELOPER

GCM3, Inc.

H.V. Dela Costa, Makati — Feb 2023 – Present

- Developed and maintained RESTful APIs to enable seamless communication between front-end and back-end.
- Implemented fixes and enhancements to resolve reported bugs and improve system stability and performance.
- Designed and developed admin page using Vue.js framework to provide a user-friendly interface for managing various aspects of the application.

### IT PROGRAMMER

Solid Business Machines Center, Inc.

Binondo, Manila — Mar – Sept 2020

- Developed the quotation module to conveniently make a quotation for the customers, so they know how much the product or service will cost.

### PROGRAMMER

Telford Svc Phils., Inc.

Gen. Trias, Cavite — Jan – Dec 2018

- Maintained the RH-Temp Monitoring System by fixing bugs and adding a new feature that automatically logs the temperature to the database using PHP and JavaScript.
- Maintained the Document Controller System by fixing bugs that prevented the user from adding new documents and categories to the database using PHP and SQL.

### WEB DEVELOPER

Widget City Co.

Malate, Manila — May – Sept 2017

- Managed the website by adding new product page, updating the price and other information using the content management system platform WordPress.
- Integrated the Dragon Pay payment module as one of the payment options using HTML and PHP.

## EDUCATION

### BSc Computer Science

System Technology Institute (STI)

Quiapo, Manila — May 2015

## PERSONAL PROJECT

### My Portfolio

- Developed and coded my portfolio website with responsive web design, showcasing my capabilities as a web developer, personal projects, and information about me.
